DEMONSTRATION:

1. **Position weapon** **-> SKIP THIS STEP**
2. **Select mode = SAFE**
3. **Magazine Catch** **;;** This is called **Push Magazine Release Button** in the simulator solution
4. **Pull and Hold Charging Handle**
5. **Push and Hold Bolt Catch Bottom**
6. **Let Go of Bolt Catch Bottom**
7. **Release Charging Handle** **-> Normally this would go before the previous step**
8. **Push Charging Handle Forward**
9. **Check Chamber and Receiver for Ammo -> SKIP THIS STEP**
10. **Select mode = SAFE**
11. **Push Bolt Catch Top**
12. **Select mode = SEMI** **→ Use mode BURST instead of SEMI**
13. **Pull Trigger**
14. **Pull And Hold Charging Handle**
15. **Release Charging Handle**
16. **Select mode = SAFE**

ASSESSMENT:

You forgot these steps:

- Point weapon in a safe direction
- Check chamber for ammo

You did: Select *Burst* mode

but: *selectorMode* should be *Semi*

You performed these steps in the wrong order:

Release charging handle to cock rifle
should be before
Let go of bolt catch bottom
